The remaining letters of these region form the name AOARTVAIOPGN which rules
the sigil names. All of these draw energy from whatever source is feeding
into these tablets to be processed down through them and eventually out the
channels on the front of the third tablet.

The next region in on the front of the tablet is bounded by the outer region
and the 33x33 square in the center indented by a square in each corner. In

the cardinal directions are names running diagonally in:

In the crossquarter directions are names in triangular spirals:
SE: HAYCZNDOGVCAHAER, SW: BHACLHDAALVBCAPA, NW:

NE: HZOCSCABVLACNTHA

All of these names process energies into the next region which is
bounded on
the inside by the central 23x23 square minus its 3x3 corners plus a
square in
the corner of each of these. In the crossquarter directions are names
running
straight in:

All of these process energies into the next region which is bounded on the
inside by the central 15x15 square minus its 3x3 corners. In the cardinal
directions are names running out:

These serve as process energies and filter some through to the next region
which is bounded on the inside by the central region, a 7x7 square minus its
corner squares. In the cardinal directions are names in L's:
E: THDEHCB, S: ACHECVV, W: HCALAAP, N: TRADEHY

These filter some energies back to the previous region. Inside these running
all the way around from the north is the name
TNLYCNNGMLEGNAFIMCAAEFNOBDHOONDENOAAHVRGELDZND
PNDONFEOETY which lets things
through to four inner names found in spirals:
SE: VSSHGCBANXOACLA, SW: ZPBAZANANGENATS, NW:

NE: HIELSSEDOBEZLEO
These process energies into the central region.

In the cardinal directions on the back of the tablet are names running diagonally from the outer region to the central region, a 5x5 square minus the
corner squares:

The triangles act as wedges which force energies to flow through the middle
names into the diagonals and into the central region.
The central region of the front contains names running in:
DNAZ RANZ VLRZ XPDZ AAAZ HCAZ ETEZ AOGZ
The central region of the back contains names running in:

These receive energies into the region. The remaining letters form the name
OLCVALHYANCHOXHAALBLNA which send them down to the sixth tablet.
